**DETAILED ACTION**

**Status of Claims**

Claims 1-5, 9-10 and 12 are pending.

Claims 6-8, 11 and 13-14 have been cancelled.

***Priority***

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 11/30/04 has been entered.

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The expression "an organic residue capable of bonding covalently two aziridine oxime groups" is indefinite, connoting no information as to which portion of the molecule remains because the accepted meaning of a residue is a material that remains after any procedure to remove something. Additionally, to the skilled artisan, the term residue would be understood to include some remainder rather than no remainder at all, which would be the case when R is a single bond.

Claim 10 recites the limitation "1,1'-[1,2-bis(hydroxyimino)-1,2-ethanediyl]bisaziridine" in lines 1-2. There is insufficient antecedent basis for this limitation in the claim.

***Allowable Subject Matter***

Claims 4-5 and 12 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claim 9 is allowed.
